

September News

It's already Fall which means the holiday season is right around the corner. Our big October sale which will feature Bainbridge Foam, Kool Tack, and TruVue glass will begin on Monday so you can stock up!

We are trying to push paperless statements and invoices in order to be more eco-conscious. If you are interested in signing up to go paperless, please email diana@fipdx.com.

Meet Maria

Maria joined the FI team in July and has proven to be a great fit to the crew. She already had a background working customer service for both fine art and wholesale art galleries in Boise, ID, so it was a natural transition.

Maria is an avid watercolor and oil painter, and has been part of multiple group shows in Boise and Portland. She even has a mural in Freak Alley in downtown Boise! (<https://northend.org/freak-alley/>) Maria also spends her free time hiking and exploring the weird/wonderful areas around Portland.

New General Manager as of July 2018

Dear Valued Customers,

We are excited and proud to announce the promotion of Ashley Montoya to the position of General Manager of Framers' Inventory.

Ashley's creativity, diverse experience in the picture frame industry, and Bachelor of Science in Business Administration make her uniquely qualified for this position. She has successfully embraced many positions during her tenure at FI and is diligent, productive and efficient in her approach. Ashley has a great work ethic and conducts herself with integrity. Her progressive view with respect to the past will be instrumental in moving our company forward. We are certain Ashley will embrace this next opportunity with positive and constructive energy. Teresa and I appreciate your support and participation as we collectively embark on this journey together.

Sincerely,

September Work Anniversaries

Joyce is celebrating her eighth year as a customer service representative here at FI. Joyce brings a fun and creative spirit to the office and we look forward to her being a key component to our customer service department for years to come!

Help us celebrate sales representative Mike Ouellet's 21st year with Framers' Inventory. Give him a great big high-five when he stops in for a sales call or delivery.

*Mark Long
Celebrates 31
years at FI!*

Mark Long is celebrating his 31st year with Framers' Inventory. Mark runs our shipping department and does the majority of our metal chops. This has been his one and only job and we are lucky to have him. He's a shy kind of guy, so we don't have a photo of him!

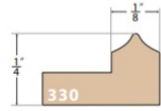

New September 2018 Moulding Price List

Because prices are ever-changing we have decided to split the price list into two categories, moulding and supplies. See the link below for the September 2018 Moulding Price List that includes the 9/24 Studio price increase.

[Moulding Price List 9/2018](#)

We will now begin working on the supply price list and have it out as soon as possible.
